## WHY VEGAN?

The vision of the Vegan Society of Ireland is to foster a compassionate and sustainable lifestyle that benefits all species and the environment. We aim to help people eat healthily with a plant-based diet and fight climate change by campaigning against harmful farming practices. We envision an Ireland where veganism is mainstream and animal exploitation is eradicated.

Please help change society by joining our charity. Vegan or vegan-curious? Everyone is welcome.

## BY JOINING OUR CHARITY YOU CAN:

- Avail of our membership discount scheme, which is in place with a wide range of both online and locally based Irish businesses.
- Receive newsletters and updates on campaigns, initiatives, and events as they occur.
- Help us campaign to end animal cruelty and give vegan-related issues a strong voice in the Oireachtas.
- Help us promote the availability of vegan options in schools, hospitals, and commercial establishments such as restaurants and supermarkets.
- Help us support animal farmers making the transition to vegan agriculture.
- Help us provide educational materials and information to promote veganism as a viable and sustainable way to live.
